perfect strangers

one gently used kidney — free to a good home

Perfect Strangers tells the story of two unique and engaging characters. Ellie embarks on an unpredictable journey of twists and turns, determined to give away one of her kidneys. 500 miles away, Kathy endures nightly dialysis and loses hope of receiving a transplant until Ellie reads her profile on an online website. Both women face unexpected challenges as their parallel stories unfold over the course of four years. *Perfect Strangers* raises questions about what motivates an individual towards an extreme act of compassion.
